Dear Mr. Notte

At the Special Conference of the Municipal Council held December 7, 1976 the Council informed the representative of the Housing Authority that they desired a breakdown for the period 1970 to the present of all housing commercial or business entities that the Housing Authority has supported in full or in part, to be broken down by wards and listing the amount of funds involved for each one of these projects.

Will you please forward this report to my office so that I may forward copies to the Members of the Municipal Council.

Very truly yours
